# Principal's Message

The 2003/04 school year has been another great success at J. Percy Page High School. Students, staff and parents, once again accepted the challenge for continuous growth and improvement. I am proud of the progress our students have made and thank our staff and parent community for their unwavering support and assistance. Through ongoing communication and collaboration, we continue to ensure the highest possible results for our students.

For the past couple of years J. Percy Page has been a leader in using technology to support teaching and

learning. Through much commitment and dedication, our staff and school has gained the reputation as being a national leader in using teleconferencing to support our students in better understanding the curriculum and world around them.

In the fall of this year we received the Canadian Network of Innovative Schools Award for our celebrated use of technology to support student learning. Only one other school in Edmonton has received this distinguished award and we are the only high school recipient in Edmonton to be honored with this national award. We are proud of this accomplishment and thank our outstanding staff for extending the boundaries of learning.

In February of this year we opened the doors to the new TeleLearning Centre of Excellence. This multi-million dollar extension to our school is now home to several labs with state-of-the-art computer technology that will allow our students and staff to further extend their learning, research and professional development. The tradition of success is alive and well at J. Percy Page as we continue to push the limits of learning in all directions.

I would like to take this opportunity to congratulate our grade 12 graduating class for their hard work and many accomplishments. I wish them all the very best as they move on to several different universities, colleges and post secondary institutions to further their education and training. We are proud of what they have achieved over the past three years and how much they have grown and matured. As young adults they show great promise and we hope they will stay in touch and keep us informed of their progress in the future.

Like our grade twelve's, I too will be moving on to new challenges next year. I have accepted the principalship of Old Scona Academic for the 2004/05 school year. I have very much enjoyed my years at J. Percy Page and will take many great memories with me. J. Percy Page is a special school with a unique personality comprised of so many wonderful people. I will surely miss you all.

Take care, stay in touch and remember always, to have a good day and, especially, "good learning!"

Lou Yaniw, Principal

For years this has been the time to write a "Farewell and Safe Passage" to a class of Page grads. This year it comes especially close to home, as it may be my own Farewell to people and a place I've very much loved. As most of you now know, my own life change is from being a public servant in education to being a public educator in politics, as I contest the Mill Woods Constituency for the Liberal Party in the next provincial election.

So, there are many parallels in our lives this year. You have your final exams, I have my election campaign. In passing, you receive a High School Diploma, If I pass my test, I get to put the letters "MLA" after my name. And as you'll be going on to other work and other studies, so will I, as I learn the workings of the Legislature and the rules of debate. We all have much we can still learn—that's one of the things about Life I'm thankful for.

A wondrous thing is that no matter how long we have traveled a certain road, it is never too late to change. This is because we have the power of volition and reason so that we can choose. . It is our God-given right to choose and to set ourselves free to discover who and what we are. We are beings of choice, when we don't choose, we choose.

I encourage you all to stay in choice and in power. Be aware of your choices and your intent. What is your life worth to you? Don't wait to wake up, start now to make decisions and keep choosing to create satisfaction with your life. I would like to conclude with my best wishes for your future and a quote from Robert Frost's The Road Not Taken.

Two roads diverge in a yellow wood,  
And sorry I could not travel both...  
I took the one less traveled by  
And that has made all the difference.

I will think about you and look forward to saying Hello when we cross paths in Mill Woods and other places. Let it also be a rite of passage as we say Farewell in the teacher-student context and participate in life with new choices and on a new playing field.

Wow!! What a year. The Karamu Black History Celebration; the Kubasa Cup; a new Football Program; a new Telelearning Centre; a new Code of Conduct; a new Guitar Program; a new Curling Program; a new Travel Club; a new Creative Writing Club; a new Theatre Club; a new Ski Club; a new Fitness Running Club, and a new Hockey Draft Club. A year filled with new programs and events. Congratulations to all the students and staff that put in the time and effort to either provide or participate in these activities.

It was also a year that the Student Council events provided an enthusiasm and energy that was a great boon to the spirit of the school. Thank you to all the students of SU that worked so hard to make J. Percy Page a little bit better.

Page Power once again was a tremendous force demonstrating the maturity and responsibility that young people today often provide. Page Power continued to set an example for others by reminding us of how fortunate we are to have all the things we do when so many are struggling to get by. Thank you Page Power for reminding us regularly of the responsibilities we all have to give back to society and make the world a better place to live in.

Congratulations to the grade 12 graduating class. Like yourselves I will be leaving and I look forward to following your careers as you endeavor in your future roles and responsibilities. Perhaps at a reunion in the future we will be able to meet once again to swap stories and reminisce.

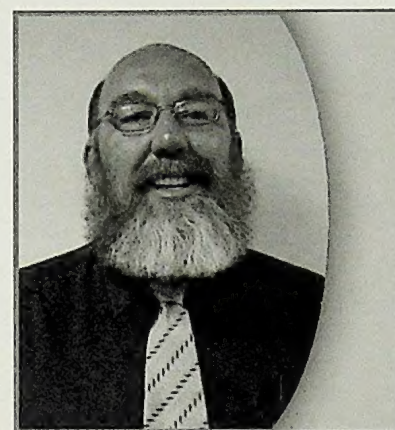

I have enjoyed the last three years at J. Percy Page learning about the high school environment. It has been an interesting challenge. The learning curve has been steep but enjoyable. Examining the similarities and differences between high school students and the junior high and elementary child; embracing the culture of a high school staff and learning the new systems and programs that are essential to the high school bureaucracy has been an ongoing and exciting experience. I have now had the privilege of working at all three levels as well as spending a short period of time with a pre-school program and I have thoroughly enjoyed each and every level.

I am blessed to be doing the job I perform and feel fortunate that I still awaken each day looking forward to the new challenges that I will face at my school. I hope that all of you in the future will be working at jobs that are of your choice and that you look forward to doing each day. If that occurs than we will all have been successful.

The yearbook is very important to me. Each year it brings back memories of vibrant, fun, smart, students, of outstanding teachers who dedicate their time and energies in teaching, and the devoted parents who support their children in their many endeavors. With the opening of our new computer labs we see that J. Percy Page is on the forefront for schools in the field of technology and its multiple uses. Browse through the yearbook. Live each special event. It has been another outstanding year.

At the heart of the Canadian dream there's a simple bargain; if you work hard and play by the rules, Canada will give you the opportunity to build a better future for you and your children.

For our parents and grandparents, that often meant starting on the bottom-rung in the local company and working your way up the ladder. You might move around, you might get transferred, but you pretty much knew your course once you set out on it. Your neighbours often lived a pretty similar life, and your community was a support network.

Today, we live in a vastly different world. You can't just work your way up the company ladder for the rest of your life. More and more children live in single-parent families, or families where both parents work. Communities aren't as connected anymore, and they aren't as insulated anymore.

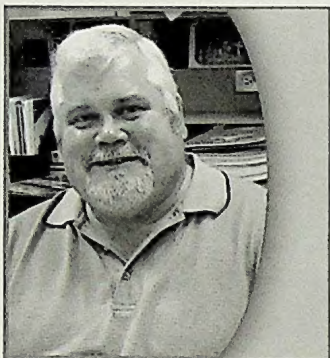

Now, as never before, education is the key to opportunity. Just by being at J. Percy Page High School, you are well on your way.

Part of this education has been your Social Studies classes. We have had a great deal to talk about. This year's graduating class has dealt with the Sept. 11, 2001, terrorist attacks during their grade 10 year, the war in Afghanistan during their grade 11 year and the war in Iraq during their grade 12 year.

We hope that we have helped prepare you for your lives outside of this school. During your lifetime, - white Americans will not represent the majority in the United States. The American Census Bureau forecasts that by 2050 - white citizens will be at 50.1%. Hispanic population will triple. Also by that time, 21% of Americans will be over 65 compared to 12% today. Clearly there are challenges ahead. You are students now but you are also the leaders of tomorrow.

To all graduating grade 12s; in the world's eyes, you are now an independent adult. In your mother's eyes, you probably still have some growing up to do. You may not always agree with her advice, but I think of it this way: The first voice you heard is always worth listening to.

Another year in the English department at J. Percy Page, and again our students have learned so well the importance of Hamlet's "the readiness is all." Ready to teach you in September were an eager staff anxiously waiting to assign and mark all those essays!!

R. Dale, C. French, F. Iftody, S. Ickert, C. Kemp, L. Preece, B. Sparrow and P. Stein.

We began the year teaching and learning in rather full classrooms, but we quickly learned to find space to read our novels and to write our essays. Many Grade 12 students worked hard to help Hamlet understand "this quintessence of dust," and through that they hopefully learned a little more about themselves. Our Grade 11 students wrote poetry for our Remembrance Day ceremony and visited Scotland through Macbeth, while our Grade 10's opened their eyes to the delights of Shakespeare and the wonderful stories of mythology. Many students created elaborate projects such as quilts, posters, newspapers, and web pages to represent their knowledge of the literature they were studying.

To our graduating students, thank you for being a vibrant part of our success this year! May the thoughts of others in the literature or movies that you have read or viewed in our classes, and the ideas that you have explored so well in those essays be a part of your eyes for tomorrow! We hope that you will continue to read and to reflect upon the words of others so that your lives may be truly enriched. Remember, as your old friend Hamlet recognized, the readiness is, indeed, all - the readiness for all the wonder that your life can be!

On Behalf of the Science Department, I am pleased to send greetings to the class of 2003/2004. As the year began, students wondered who this new teacher McDonald was, but were happy to discover that Miss Beesley had been married over the summer. Joining her on staff, and continuing their excellent work, were Mrs. Huculak, Mr. McNicoll, Mr. Mosen, Mrs. Panylyk, Mrs. Sedens and Mr. Wynn. When Mrs. Sedens left to have her baby, we were pleased to add Mrs. Hunt to our staff. As always, Mrs. Harris our lab technician continued her fine work within the department.

The year included a number of significant changes and accomplishments. Mrs. Huculak guided the first class from Page to write the Science 30 diploma exam. Students seemed to enjoy the new two-tiered approach to Physics offered by Mrs. McDonald and Mr. Wynn, and many classes took advantage of the new TeleLearning Centre. One of our most outstanding students, Pen Li, was selected to participate in the prestigious Heritage Youth Research Summer (HYRS) program this summer at the University of Alberta.

To those of you who are graduating, I wish you continued success and happiness as your life unfolds. If you continue to work hard, believe in yourself, and focus on your dreams, they will happen. To those who will be returning to Page, I look forward to seeing you in the fall.

# Page POWER 2003-2004

## Panthers Working with Edmonton Residents

Page POWER is a student group aimed at helping members of Edmonton's community. Our activities are geared towards raising money, food, clothing, books and other household supplies for charities that assist people in need. Our goals this year are to increase membership in the group as well as to increase awareness of our group and its projects throughout the school and the community.

# NEW LEAGUE TESTED AT PAGE

## *Kubasa Cup Format May be Used by NHL*

### The Background

Upcoming labour strife in the NHL, and the resultant anxiety among hockey fans at Page resulted in experimentation with a new hockey format to deal with the anticipated stoppage of play for the 2004-2005 season.

Only the best players from among students and staff were selected to play in the new league. To reduce labour and arena costs, and

to increase the number of venues that could host games for the upcoming season, a floor hockey format was decided upon. A long, drawn-out season of meaningless games was avoided by skipping right to the playoffs, and travesties such as the Flames making it to the final four-and watching hockey in June-were avoided by having all teams skip the playoffs and make it to the final.

### The Final

The main gym was decorated, the jerseys were issued, and the stage was set on Thursday, April 22nd at lunch. A 1950's vintage siren was used to announce goals, with the goal scorers treated to a ride around the arena in the 'Kulbasa Kart' by Mr. Yaniw. Players were treated to kulbasa, cheese, and crackers, and celebrated with the 'Champagne of Ginger Ales' after the cup was awarded.

### The Outcome

Staff and students were treated to a thrilling, well-played match, but, in the end, age and experience (some would say age) prevailed. A disputed goal led to a one-goal margin of victory for the teachers, but any feelings of disappointment were assuaged by copious amounts of sausage and 'champagne'.

This year students enjoyed hockey like never before as Commissioner Mr. Bissoon headed up J. Percy Page's 1st ever student hockey pool. Students appreciated the NHL in a whole new way as they drafted a team of NHL players and had all the thrills of following their team through a full six-month season.

Three winners were crowned with the completion of the 2003-2004 N.H.L season. It was a tight finish and in the end we had a tie for first place.

1st	Amanjot Vinepal	394 points
3rd	Josh Willard	371 points

The winners won a series of prizes ranging from autographed lithographs from the Edmonton Oilers, to J. Percy Page sports wear. Congratulations to all of the players of the first ever hockey pool at J. Percy Page.

Mr. Bissoon would also like to thank the kind generosity of the hockey draft sponsors who donated prizes:

# GUITAR

The 2003-2004 school year saw the introduction of a new music program - Guitar 10/20. The Guitar program is designed to provide "alternatives" to the music experience at J. Percy Page and is designed to allow students to explore styles related to Rock, Pop, Country, Folk, Blues and Classical. Students learn the concepts of good technique through the study of guitar tablature and notation and experience music that suits their musical "tastes".

One of the highlights of the guitar class is students are given the opportunity to create, perform and record original music. The students were busily working on their original music using the new multimedia room in our TeleLearning Centre.

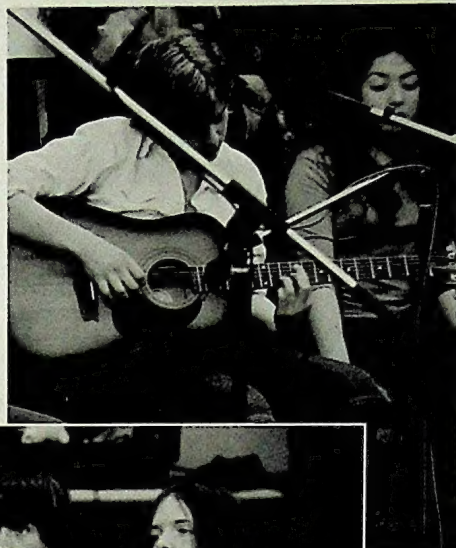

Students composed and performed original music, which is being digitized using CakeWalk Audio Pro—an

industry-standard multi-track recording package. The final "mixing" of the original tunes is under way and a CD will be released in September.

This project has incorporated many talented students from a variety of disciplines. There are graphic artists designing a CD cover, video students "shooting" the music videos, and students writing lyrics for the singers to sing.

Please feel free to visit the J. Percy Page Web site for a sample of the student work.

Remember... J. Percy Page Rocks!!!

RAP is the acronym for our Registered Apprenticeship Program. This year, over 20 Page students took advantage of the opportunity to work-for money- as well as earn credits toward their diploma and bank apprenticeship hours towards their trade ticket.

Thanks Mrs. Greenhalgh-we never had it so good!

# Clubs, clubs & more clubs!

*It seemed like you  
couldn't turn around  
twice without running  
into a club member  
this year at Page.  
Here's what some of  
them were up to.*

## Theatre Club

The J. Percy Page Theatre Club attended some fantastic theatre events this year, including the following:

December 4th, Dessert Theatre at J. Percy Page

December 18th, "A Christmas Carol" at the Citadel

March 25th, "A Midsummer Night" at the Timms Centre

April 22nd, One Act Plays at J. Percy Page

April 29th, "The Sound of Music" at the Citadel

May 26th, "Surf's Up" at Jubilations

Members of the Travel Club ham it up in a phone booth while on their tour of Europe.

## Travel Club

The travel club of 2004 headed by Mrs. Vandale and Mrs. Preece, visited London, Paris and Rome. Some of our major stops in London included Buckingham Palace, Big Ben, Covent Garden, Piccadilly Circus and many adventures on the London Underground. After London we were off to Paris via the Eurostar Chunnel train that goes under the English Channel. In Paris we visited the Eiffel Tower, Notre Dame, a cruise of the River Seine, Arc de Triomphe, Champs-Élysées and even more adventures finding our way through the city. Thanks for waiting guys! We also find the time to get lost I mean get to the Palace Versailles just outside of Paris. After Paris the group had a "great" sleep on the train ride to Florence Italy. Florence was a beautiful city full of culture and history that I believe was the best stop on the entire trip plus and I think the group would say the same. Plus the shopping was the best as well which everybody could agree with. Following Florence the group was off to Assisi where we stopped in for Palm Sunday service at St. Francis' Basilica and lunch. Finally we were off to Rome because as everyone knows "all roads lead to Rome". In Rome we visited the Trevi Fountain, the Spanish steps, the Colosseum, the Roman Forum and of course the Vatican. In the separate country of the Vatican we visited the Sistine Chapel, St. Peter's Basilica and of course the gift shop where we got our official Vatican stamps. When we were finished touring Rome we were off to Capri for a relaxing time in the sun and by the sea. Thus concluded our travels of Europe for 2004 and we were headed back home to Canada.

## Walk\Run Fitness Club

The walk\run fitness club was open to all students and staff wishing to enhance their cardio-vascular and general fitness. Operating on Tuesday's and Thursday mornings from 7:45 to 8:15 am, participants walked outside, when weather permitted or they walked through the school hallways.

The club provided an opportunity for students and staff to enjoy each other's company, meet new friends and at the same time increase their physical fitness. Whether you are a recreational walker or a gifted athlete seeking a pre-season or post season workout, the walk\run fitness club provided all with the opportunity to stay in shape and It's Free.

The fitness club was organized by Mr. Yaniw.

## Ski Club

The J.Percy Page ski and snow board club enjoyed an exciting spring mountain adventure in Fernie B.C. on March 12th and 13th. The trip consisted of two days' skiing and boarding and two nights' accommodation in luxury condos. Students cooked up a feast and relaxed by their fireplace after a hard workout on the slopes. To top off the day, Page students soaked in hot tubs and cruised down the water slides!

Fernie ski resort has a 261 cm packed snow base. Skiers and boarders were delighted with the massive snowfalls and excellent terrain. This resort has developed a reputation for one of the best snow riding resorts in the world. It was been a very successful first trip for the new Page Ski Club and we look forward to continuing our adventures next year.

# The Storm - Today's Youth Tomorrow's Power!

From May 31, 2004 to June 1, 2004, nine students from Page POWER and Student's Union enjoyed three action-packed, fun-filled days at the 15th annual Alberta Senior High Student Leadership Conference in Whitecourt, Alberta. Student leaders and advisors from across Alberta were motivated, energized and united in Leadership as they became engrossed with dynamic speakers and fabulous feats at Hilltop High School as well as the Whitecourt Twin Arenas. With a total of 500 student ambassadors present at the conference, there were endless opportunities to meet new people and share

ideas. Students were never hungry as they ate at least every two hours. Participants were inspired by a wide variety of motivational speakers, and were even given the opportunity to talk to a former pilot of the Snowbirds. Other events included a forest riot, a video dance and a trip to the Whitecourt Forest Interpretive Centre. Members of Students' Union and Page POWER had a great time and brought back new ideas and fun-filled activities for Page's own students to enjoy.

Skills Canada held the Provincial Competitions in Edmonton on May 11 & 12. Provincial Gold Medallists at Senior and Post-Secondary levels will represent Alberta in the Nationals at the end of May in Winnipeg, Manitoba. National Gold Medallists will have intensive training before representing Canada in Finland for the 2005 Skills International. J. Percy Page had students entered from Cosmetology and Computer Video Production. Cosmetology had students entered in Junior, Intermediate and Post Secondary (2 students who graduated from Page but have been training here).

All of the students who entered deserve congratulations for being dedicated to their training and representing J. Percy Page. We are so proud of you!

## Building Construction

Building construction students recently completed numerous projects ranging from a podium for the new TeleLearning Center at J. Percy Page School to a trophy display cabinet at the Millwoods Recreational Center. A "cubical" project which included floor framing, wall framing, and roof rafters set the stage for an electrical panel and installation of wiring, switches and fixtures. (The cubical had plumbing and drywall installed.) The

students also built a bathroom vanity complete with arborite top and faucets to go into the cubical and yet to come is the paint, tiles and vinyl flooring.

Students shown with their trophy case are from left to right, Curt Engel, Hewa Palani, and Chad Watson. Keep up the good work guys!

## Project ABC

To help the less fortunate and make a difference in the lives of others was a dream of mine. This dream has now evolved into Project ABC. Project ABC is a fundraiser I started with the help of Carrie Kreger in October of 2003. Our objective was to help less fortunate children in India who were unable to provide themselves with even the basic school supplies such as pens, pencils, notebooks, erasers, etc. We decided to start by focusing our attention on Nathuchok Primary School which is made up of over sixty students, one teacher and is located in a small village in Northern India. We were able to provide these impoverished children with school books, sweaters, socks, blankets and backpacks that consisted of school supplies such as pens, pencils, notebooks, erasers and math sets. We were able to raise the funds for these basic necessities through cotton candy sales held at J. Percy Page and Old Scona in October, as well as a bottle drive and many generous donations. The cotton candy machine was provided by Mr. Montgomery, our Social Studies Department Head. We were successful in raising \$720.00, and with the help and support of J. Percy Page, Old Scona and close friends, Project ABC has been a success and will hopefully continue in the future.

## Karamu

2004 at J. Percy Page saw students put on the 1st Annual Karamu African Evening.

Karamu means "celebration" in Swahili, and the evening was all about celebrating African food and culture. Students from the Black Studies 25 course produced an amazing event which included a vignette, soloists, dancers, hip-hop artists, prizes, and tremendous African cuisine being served at the end! Thanks to all the parents and students who helped make this night such a success on it's first go around. With a crowd of more than 80 guests, the Pit was jumpin'! Here's to next year!

# Remembrance Day 2004

The Remembrance Day Service has been a tradition at Page that stretches back over 12 years. This year's ceremony was well attended by over 900 students, staff, and special guests, including MP David Kilgour, MLA Debbie Carlson, EPSB Trustee Gerry Gibeault, and special guest Frank Tymko.

Students from the Social Studies, Music, CTS, English, Drama, and Art Departments honored Canadians who participated in World Wars I and II, and the Korean War during ceremonies held in the school gym on Monday, November 10th.

Led by a student piper and drummer, representatives from three generations of soldiers marched into our Remembrance Day ceremonies. Speakers included our principal Mr. Yaniw, Mr. Andre Juchli of the Royal Canadian Naval Association, Ms. Mary Cavil, a World War II veteran and former secretary at Page, and Corporal Davis, a member of One Combat Engineers Regiment at Edmonton Garrison. The ceremony concluded with the Last Post and Reveille played by our own Dusty Boettger.

## Abiding Memories

by Pen Li

Listen to the anthem of the spirits wane  
Atop the marble tower lies a burning soul  
Heed to the flickering of the dying flame.  
Beneath the moonlit darkness, it awaits Cain  
A wild blaze amid the stygian shadow of little we know.  
Listen to the anthem of the spirits wane.  
Billowing mute despair we cannot tame,  
Consumed by the whisking wind we dare not yield.  
Heed to the flickering of the dying flame.  
About the sad height dark is pain,  
Yet beneath the silver cloak, its flame echoes....echoes...  
Listen to the anthem of the spirits wane.  
Grave sparks, their relic souls unshackled of their chains,  
Their glory embraced by the ones below  
Heed to the flickering of the dying flame.  
Hence we stand in their light, in their flame,  
Of blessing, of cursing, of grief we know.  
Listen to the anthem of the spirits wane...  
Heed to the flickering of the dying flame...  
Glowing...glowing...

# The TeleLearning

*"Connecting to the best learning opportunities the world has to offer"*

*In conjunction with the Grand Opening of the Telelearning Centre of Excellence, Ms. Younger's Legal Studies students joined students from Middlefield School in Toronto to participate in a student-led Mock Trial.*

This year we were fortunate enough to participate in a once in a lifetime experience as The TeleLearning Centre (TLC) of Excellence officially opened on May 27, 2004. The TLC is a state-of-the-art educational facility that connects thousands of students and teachers (current and pre-service) to peers, experts, resources and events in real-time interactive learning environments equipped with high-speed videoconferencing and broadband resources and applications.

The TLC provides engaging models and training for effective teaching practice within technology-mediated environments as well as models for the curricular-relevant integration of advanced technology in the classroom. Use of TeleLearning via broadband fiber networks over the past year has enabled teachers and students to exchange resources, ideas and expertise with their peers anywhere on the globe.

The TeleLearning Centre has an innovative design-the first of it's kind in Alberta-developed by a collaborative team including innovators from Stantec Architectural, Stuart Olson Construction, and Edmonton Public Schools. This innovative design is totally dedicated to the integration of technology in education. It features six learning labs (30 stations in each), two of which can be expanded to seat 150 people. In addition, there are two centers for professional development, training and research. Modular furniture and wiring that provides easy access to network, audio-visual, and CA\*net connections ensure that IT infrastructure complements the flexible design of this state-of-the-art learning facility.

# Centre of Excellence

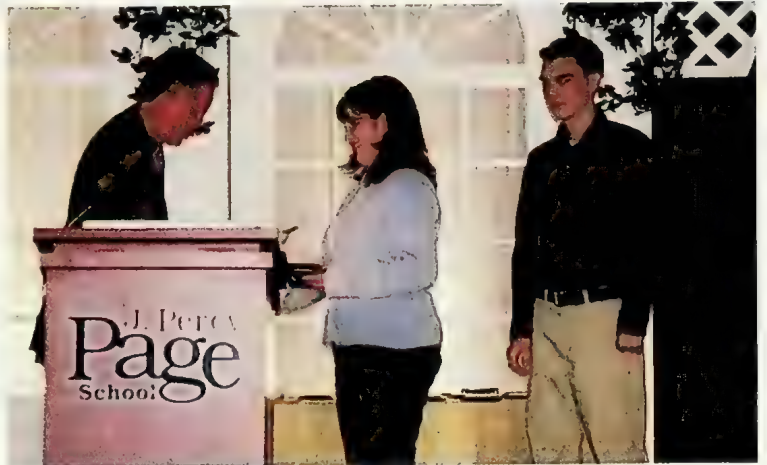

Partners in the TeleLearning Centre include Shaw Communications, the Galileo Educational Network of Alberta, CANARIE (Industry Canada), the Communications Research Centre (Ottawa), National Research Centre (Ottawa), The Canadian Space Agency (Quebec), The Ontario Science Centre, York University, The Toronto District School Board, York Region School Board, The University of Alberta and the Alberta Government.

## Canadian Foundation for World Peace

### Youth Conference 2003

In October, our Social Studies Department hosted the Mahatma Gandhi Canadian Foundation for World Peace Youth Conference 2003. Students from four different Edmonton area high schools engaged a variety of speakers on topics such as human rights and creating peaceful communities. This event was “beamed” to two Ontario high schools that participated in the conference using the school’s “telelearning” facilities. One highlight of the week was a banquet hosted by the Gandhi Foundation. Several of our social studies students and teachers were acknowledged for their work with the conference and met dignitaries such as our Lieutenant Governor, Lois Hole. We would like to express our appreciation to Mrs. Vandale, a Page social studies and music teacher, for making this event happen.

*Since 1992, the Mahatma Gandhi Canadian Foundation for World Peace has worked with teachers in Alberta to conduct conferences for secondary school students on the significance of Gandhian principles to their lives.*

*Past conferences have addressed such issues as the environment, Canadian unity, prejudice and discrimination, violence in the schools, and service to the community.*

## Social Studies Holocaust Teleconference

Using the school’s telelearning technology, Mr. Briggs, our social studies technology expert, linked up with Vaughan Secondary School in Vaughan, Ontario, and Middlefield Secondary School in Markham, Ontario for an event on the Holocaust. The guest speaker was George Preger, a Holocaust survivor, and Educational Director from the Simon Wiesenthal Centre. Ninety Page students and a representative of the Network of Innovative Schools took part in the event.

One day the students took a virtual museum tour. Another was spent performing a play. The most recent activity was a cross-Canada video conference.

These may not sound like typical high school lessons, but at Vaughan Secondary School in Thornhill, Ont., a new interdisciplinary course called Genocide in the 20th century is taking Holocaust education to a new horizon.

“What makes interdisciplinary [learning] unique is that it appeals to different people,” said teacher Jonathan Zinman, who spent several months developing the course before taking it live this September.

“The students get really creative.”

An interdisciplinary course involves using dynamic resources and instructional techniques in order to engage the students in learning.

Zinman’s most recent innovation was a Holocaust Video Conferencing Symposium that linked

together students from Vaughan, Middlefield Collegiate Institute in Markham, Ont., and J. Percy Page in Edmonton.

Guest speakers at the different schools spoke about Holocaust education and followed with a question and answer session, with the cameras rolling and more than 100 students participating.

The audio equipment was not the best, but the students were still impressed with the technology.

“This shows the learning of the next generation,” said Vaughan student Brandon Kleiman, 16.

George Preger, an educational consultant for Friends of Simon Wiesenthal Center, spoke to the students at Vaughan about his experiences as a child during the Holocaust.

“We have an excellent opportunity here to promote tolerance,” said Preger, 67. “If we can do that, I think we have achieved much.”

The students asked insightful questions that included

how Preger feels about searching for Nazi war criminals despite their old age.

“They felt very good about persecuting Jews who were in their 80s and 90s, and I think they bare responsibility for what they have done,” Preger responded.

Arnold Friedman, a survivor of Auschwitz, spoke at Middlefield, where there are few Jewish students.

They were so enthralled with his lecture that he stayed for two hours.

Zinman hatched the video conferencing idea after connecting with the Advanced Broadband Enabled Learning (ABEL) program, which provides special technology links to assist in learning.

## Students' Union Executive

Thanks to every single student at Page for making 2003 - 2004 such a special and successful year. Special thanks to all the members of Students' Union for helping with events and everything else. It was our goal at the beginning of the year to provide each and every student with a sense of belonging and a little bit of entertainment at Page. Hopefully this was a success. We believe that it was. Looking back at it now, we believe that our work did not go to waste, and just to let everyone know, the SU of 2003 - 2004 did get an ATM for the school. Unfortunately it went in just after school ended for the summer. Hopefully seeing all this can remind you of the memories you had at Page and the good times had by all. Goodbye to the graduates of 2004 - it was a great year. To those going back, good luck. And if you want to make a difference, join SU and get involved. Remember, only you have the power to make things better for you and the rest of the world so go out and make your mark.

Jordan Mair  
President 2003 - 2004

## Annual SU Halloween Fashion Show

This event saw students and staff dressing up and exhibiting their costumes for the whole school. We even had some students come as staff.

# HOJA *(hoe-jah)*

These guys were hilarious and pretty insane but everybody had fun as this a cappella group sang to Page students and to students in Toronto via our global conferencing technology. It was so much fun some students even got up and sang along but it wasn't just students - because Mrs. Janice got up and sang too.

HOJA performs acappella - all of the sounds in their live show and on their recordings are created using only their voices. Each of the members sings a variety of different voice parts, including bass lines, lead vocals, tenor and baritone parts, vocal percussion, instrument sounds such as guitars and trumpets, and assorted sound effects. Great harmonies, energetic choreography, and a diverse selection of repertoire are presented in a uniquely entertaining performance style that audiences of any age group will enjoy. Their songs span every style of music, from doo-wop to rock, country to disco, nothing escapes the transition to acappella music. This transition is often quite humorous, and audiences find themselves enjoying styles of music they might otherwise not listen to. In the beginning, to ensure a high level performance, HOJA hired a number of industry professionals to help improve themselves as performers. Workshops conducted by these various professionals helped craft and develop the performance skills essential to entertaining audiences of all ages (Vocals, Choreography, Comedy, Drama, and Sound Production).

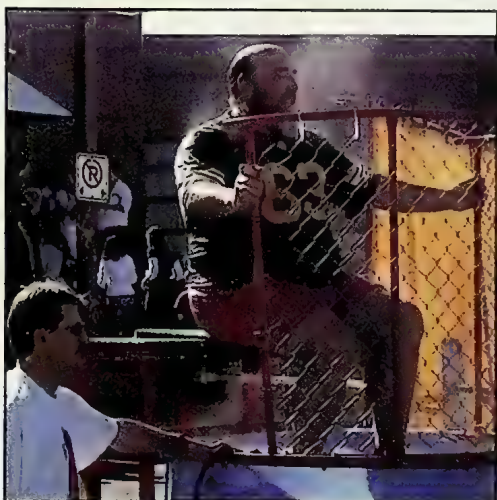

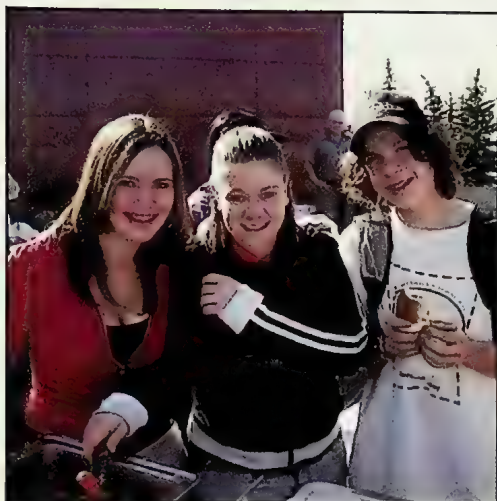

HOJA has wasted no time in establishing itself as one of Canada's hardest working bands. Currently in its sixth year of nation-wide touring, HOJA has already recorded two full length CD's, with sales totaling over 15,000 copies. Over 1500 audiences from BC to Ontario have experienced HOJA and the group plans to continue expanding into other regions of Canada while also developing new markets that will take them into the United States.

# Welcome BBQ

The first SU event of the year, 2003-2004's Welcome BBQ was a hit and saw almost half of the school come out for their free burger and pop. Plus, at this years event students even had the chance to take some revenge on the administration by soaking them in the dunk tank. Special thanks to Mr. Pothier, Mr. Yaniw and Mrs. Mah for helping out with that. It was a great way to start the year.

# Shave Your Head for Cancer

This year at Page SU started something brand new—Shave Your Head For Cancer. It was a huge success, raising almost \$1000.00 for Cancer research. Thanks to everybody that got their head shaved and a special thanks to Mr. Mitchell and Mr. McNicoll for donating their heads. Also a special thanks to Mrs. Horn and others who shaved heads.

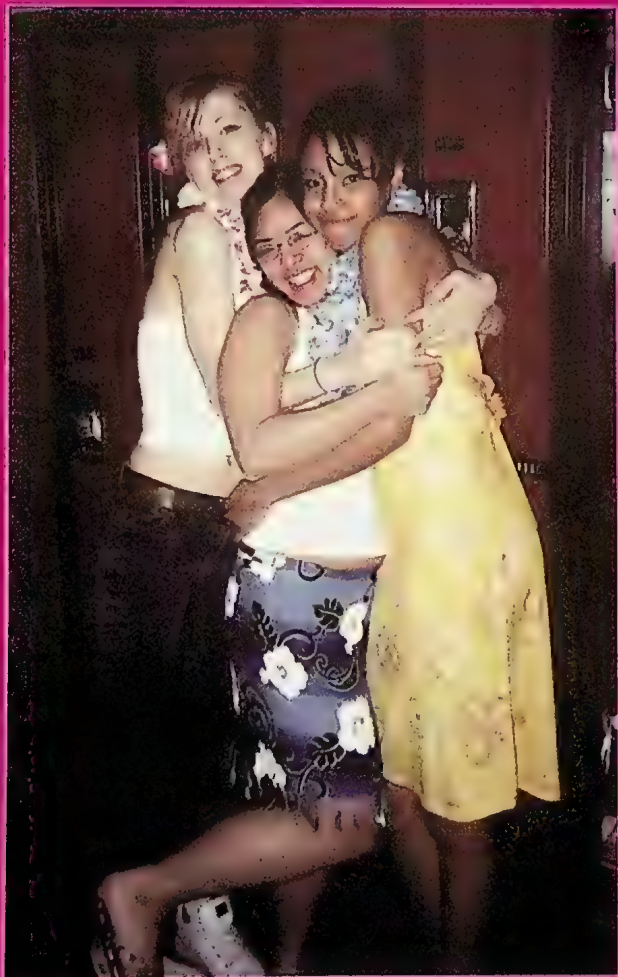

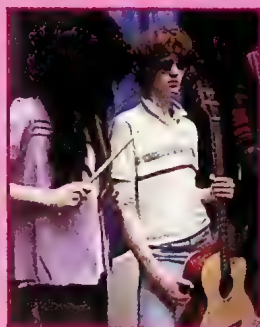

## Absolute

Absolute was back at Page for the second time in 2003 and they were great. They held a rock concert in the Page gymnasium that focused in on youth issues and problems in a fun and informative way. Lots of students came out for this event and even got involved with stat man and the mullet dance. Way to go Page.

# Mr. Page 2003

## Tropical Day

Throughout the year SU held many random days of dress up and events. This year included Tropical Day where students dressed up like they were headed to the beach. It was a great way to kick off some good weather. The event also gave students the chance to take their pictures "on the beach".

# GUESTS

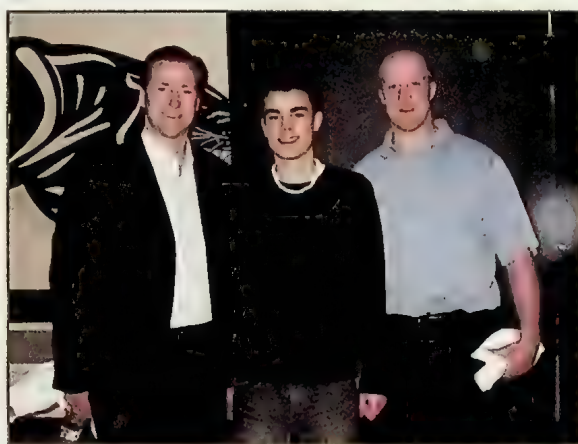

## KEVIN LOWE & JASON CHIMERA

Page had a really special treat this year with Mr. Kevin Lowe, General Manager of the Edmonton Oilers, and Jason Chimera, Edmonton Oiler and Page Alumni, came and made a presentation to the school. Students really enjoyed this one and even the teachers - especially Mr. Bissoon as he brought in his framed picture of the Oilers to be signed. Way to go, Mr. Bissoon, resident hockey nut.

Kevin Lowe and Jason Chimera had lots of time after to sign autographs

for students and pose for pictures. The two best pictures were of Bryan Burr hugging Jason Chimera with his classic smile and of Suki Badesha and Jason Chimera as Suki had a Calgary Flames flag in his back pocket.

Good times.

## SUNJAY NATH

Another event that SU brought to Page was a visit by Sunjay Nath, a motivational speaker that spoke to the whole school. Sunjay really moved a lot of students, bringing some to tears and others laughing their heads off. Either way, the students really liked him and he probably made some kind of small but significant change in each and everyone's lives.

Thanks to Sunjay!

# TALENT SHOWS

Talent shows are a big part of the Students' Union agenda every year and they are something that the students never forget. This event always allowed for a little early dismissal from class, but don't worry - Mr. Pothier was there to prevent kids from being there too early. But if it wasn't the talent that you remember, it was definitely the crazy antics of our wonderful hosts Tim, Cody and Sulu. Thanks, guys. You were great...most of the time. Just kidding.

# Year End BBQ

Our Year End BBQ this year was a huge success, with even more students the Welcome BBQ! We had music and a live band and even an inflatable bungee run - whiplash! The BBQ was a great chance for the whole school to come together and share the last few free days before exams and the end of school. Teachers and students all had their chance to talk and reminisce about the year over a free BBQ provided by SU.

Front Row (L to R): James Jackson, Amaan Hameed, Justin Wilson, Kyle Bodie, Skyy Mussetter.

This junior team was an experienced one, with 5 returning players. The team improved throughout the season, and played well enough to compete in the Premiere Conference. They lost in the quarter finals 65-63 to W.P. Wagner. The Most Improved Player was Justin Wilson, and the Most Valuable Player was David Morse.

Front Row (L to R): Jermaine Weiss, Bryan Burr, Curtis Burlet, Khalyif Critchlow, Christian Tchozoyema, Sean McLafferty.

The 2003/2004 season was one that started slow but finished with a flurry. In the beginning, we were kept busy with having to integrate a whopping eight rookies into our various team systems. As a result, we went through some early growing pains but always remained "in" every contest. If the phrase "peaking at the right time" ever applied to a team, the 2004 Sr. Men Panthers would be it. We went on to earn the lowest seed in the playoffs and then oust the number 1 seeded, in both the city and province, Harry Ainlay Titans in the first round! Our "run" continued by defeating 3 more provincially ranked Edmonton teams, and subsequently qualifying for Provincials for only the second time in our school's history! When all was said and done, the ASAA presented us with the 2003/2004 4A Boys Provincial Sportsmanship Award. Thank you to all who supported us throughout the remarkable season.

- Coach Mosen

Front Row (L to R): Jair Munoz, Imran Haque, Jamie Merkel, Luc Dickner, Scott Pawluik.

Great try ladies and thanks for all your hard work! Natasha Ali was this season's Outstanding Player and Journal Allstar.

# FOOTBALL

The inaugural season for Page football was a huge success. The team played an exhibition schedule and won several of its games. The team was expertly coached by Alex Gerba, Scott Webster and Mr. Pothier who all gave an incredible amount of time to lead the team. The coaches will be returning next year along with several key players. The future looks great for Page football as they prepare to join the Edmonton Public League.

Back Row (L to R): Jamal Philip, Josh Schroder, Keith Chapman, Suki Badasha, Kaliyf Critchlow.  
Middle Row (L to R): Alvin Deo, Josh Gillespie, Govind Pillai, Travis Stone, Chad Watson, Cory Brown, Gurpreet Dillon, Matt Redcrow, Tony Walker.  
Front Row (L to R): Rob Slade, Adam McInroy, Geoff Fraser, Shane Pudruchney, Rob McIntosh, Adam Millar, Randy Blunt, Kurt Tonowski, Kyle Flett, Brendan Rost.

# CHEER

The cheer team went co-ed for the first time in Cheer history at Page. We had 4 guys on the team, which helped the team throw higher and stronger stunts. The team did well at competition - they represent Page well for being a first year co-ed team. They placed 3rd at the Ross Sheppard competition.

The highlight of the season was cheering the Panthers football team at their games. We enjoyed supporting the football guys this year and look forward to next year when Page is a part of the school league.

Next year we want to have two cheer teams at Page. We plan to travel to California in March and we look forward to competing against the Americans.

Back Row (L to R): Amanda Brown, Nathan Treder, Allan Boos, Jennifer Gerth, Nicole Hansen.  
Middle Row (L to R): Jillian Riechman, Brendan Rust, Asmahan Shmeit, Ryan Shaggory, Amanda Lind.

Front Row (L to R): Charlene Grey, Jessica Bridgewater, Diamond Edwards, Anna Winner, Alix Hughes, Janice Edge, Amber Niederhaus.

Awards for superior attendance and effort were also presented to Charlene Purcha, Sarah McEwan, Craig Volkerink, Kate MacDonald, Matthew Koutzun, Christina Davies, and Scott Johnston.

# WATERPOLO

Back Row (L to R): D. Younger (Coach), Christina Davies, Pen Li, Craig Volkerink, Kate MacDonald, Charlene Purcha.

Front Row (L to R): Mike Tan, Emily Pawliuk, Scott Johnston, Sara McEwan, Heather Davidson.

Missing: Michael Scarlett (Coach).

The J Percy Page water polo team had a successful season, earning a playoff spot for the second year in a row. We spent the season working on skill-building and teamwork. Many of the athletes were new to the sport and spent plenty of time at practice learning countless new skills and plays. All players showed remarkable improvement with each new game. Students faced exciting matches against Ross Sheppard, Eastglen, Jasper Place, and McNally.

Special recognition goes out to the superior goal-tending skills of Christina Davies & Pen Li, as well as our leading goal-scorers Robert Barchard and Christina Davies. Congratulations on a successful season and we look forward to another great year in 2005!

## BADMINTON

This year's badminton team had a good year, with Luc Dickner and Lindsay Stone going to Zones, but missing out Provincials in mixed doubles. The next couple of years will see many returning players, giving the team some strong leaders in the future.

## CURLING

J. Percy Page School Curling Team had a very successful season. We won more than our share of

games. We learned about the strategy of the game, but more importantly, the boys learned about sportsmanship and met many new students in the city high schools.

Team members this year were Joshua Willard (Skip), Pen Li (Third), Sanjay Tailor (Second), JohnnyLi (Lead) and Victor Pysyk (Coach).

So many great memories, it's hard to pick which ones to include. Social class lots of fun stuff there (like all the stuff written on our desks). The evil stairs in the pit. The ponytail headache, naps in the library. Star wars, caramilks. Our "study weekend". Shoe shopping with Cassandra, and the doughnut stealing. "hotlish" Jace and her comics and "starburst wrappers" and Melissa and her boyish? You mean manish! Comment, her flip flops. Making the paper plate awards and all the glitter. Our after grad party, our grad pictures and all the fun we had together. It's been awesome! Melissa rocks my socks]

Sigh, 13 years past & not 1 memory lost. What can I say, but that it has been great. I honestly don't think I would have made it to this point without the help of my friends and family. I'll never forget any of you, but I will remember some more often than others. Miss you all like crazy, and may the adventures never end. I hope u all get great things out of life, & never take one single minute for granted. An era has come to an end, but the memories will last forever. I have chosen to spare you all of my endless wisdom and my basket full of knowledge. Instead, I will leave you with the immortal words of everyone's object of desire, David Bowie.-"This is Ground Control to Major Tom. You've really made the grade, and the papers want to know whose shirts you wear. Now it's time to leave the capsule if you dare. This is Major Tom, to Ground Control. All I want to say is it's over, it's finally over! Even though I would never repeat the high school experience (way too much drama) I don't regret any of it. I especially don't regret the people I met along the way. TG, ML I love you guys forever. All the teachers that helped me get here thank you, and more than anyone thanks to my mom and dad. Twelve years of school and the tower of support never faltered. One thing the years here have taught me is if you say something, mean it. If you want something get it, and if you do something never regret it. Congrats Class of 2004. Enjoy life!

"La vida es un plato" as my mother would say. As a babe I was in paradise, nothing but milk. Soon enough life took a cruel spite to me: the teeth came and later I was forced to start high school. Janis' shrills have taught me to never be late ever again. Adam's class, to always be prepared for anything. Huculak, that perseverance does not go unnoticed. McNicoll, there's no limits where there's talent. Bissoon, duck for flying whiteboard markers. Thank you all for everything. I think I'm ready for the future.

Congrats to 2004 grads. I'd like to thank God for giving me the strength to survive these 3 years. Philippians 4:13 "I can do all things through Christ". I'd like to thank my family for the support they gave me. Finally, I'd like to thank all the people who made high school worth coming to. So many memories, the ups and downs of school, there's so much to write about but I can't fit it all so I'll sum it up. Thanks to everyone for making high school a memory I won't forget. Even when we go our separate ways, I'll still remember the times we shared. I wish all the best to everyone, even if you wish me the opposite. Peace.

I can't believe it's finally over! The last 3 years have been the most challenging & awesome of my life & aside from the trig& Swedish economics, here's what I've learned: don't get lost in the crowds, don't pretend you're someone else you're the only one who can be you. Don't think that life ends @ diploma exams, Work hard but never forget to look out the window. Be nice. Everyone has a chance to change the world – focus on the difference you can make without judging others. Thank you mom, dad, Kris, all my friends, teachers, coaches, and everybody else! You're more amazing than you know! Congrats 2004 Page Grads!

There are so many things to talk about, it's hard to choose. The social club, and all the great times we had during fourth block. The study session that turned with Cassandra, Melissa and Sharlaine that turned into 14 hours of Buffy episodes and half an hour of actual studying. Matt, Craig, Derrick and all the times over in Matt's basement. Choking Sharlaine with her own hair in Bio, Craig laughing at me as I fell up the stairs. Matt and his obsession with eating babies. Trips to the mall, and naps during spare (and other times). Finally, in the words of Monty Python, remember: No One Expects The Spanish Inquisition!

As time passes by, we grow up and have to start thinking about our future. It is up to us whether we use our strength and stand up on our own feet instead of relying on others to make things possible for us. Education is the most important of all, because without it, we will end up wondering. We all want our dreams to come true. But the only person who can hold back our dreams is our self. "Life without a goal is like a race without a finish line". I would like to thank everyone who always there fore me when ever I needed a shoulder to lean on. Without you all, I would not be who I am today. Good luck 2004 graduates.

As I reflect upon the last past 3 years at Page I remember all the what ifs. If I learned anything, anything at all, it would be not to live a life of what ifs. In the last 3 years at Page I will always remember all the friends that I've made and all the friends that I lost. It has been 3 years of high school and it is over. I shall no longer have to do another second of homework or stay up late to study for a final exam, it is all done. Wait, there is still post secondary to go. Oh well, at least I had a brief second of freedom.

Over these past twelve years of school I've learned that the highway of life is all speedbumps, but the main thing to remember is that failure is an event, never a person. Success is not measured by where you end up in life, but the obstacles in which you have overcome to get there. I have to thank Becky K and Tim R for making my experience at high school something I will never forget, your friendship means the world to me and for this I thank you.

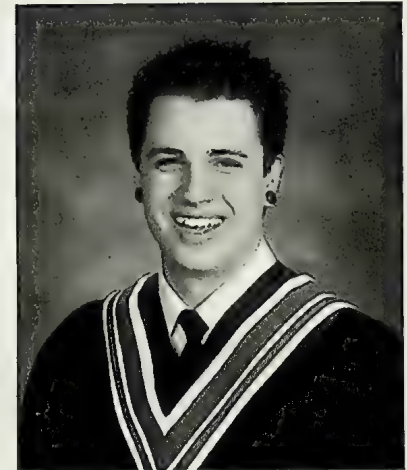

## Brad Whatmore

# Grad 2004

To many of us it felt as if graduation would never come. We remember back in grade one thinking how amazing it must feel to finally be finished with school. Before we knew it, that time was upon us. For

thirteen years we have been working towards that single moment when the tassel would adorn our heads and our certificates of completion would be held in our hands. As the leaders of your graduation committee we hope that the memories, knowledge and friends you have obtained here at J. Percy Page will remain with you as you venture into the future. Think back to the first time you walked through the doors of high school. Remember all your fears? Remember the anguish? Now we ask you to remember the last time you walked through those doors. You are leaving this school as a newly founded individual. Your confidence and wisdom will permeate to the world around you as pass into the future. Your stay here at J. Percy Page has helped shape the person you are - we hope you never forget this. Congratulations class of 2004, you have left a legacy enviable by future graduates and we wish you success in the forthcoming events of your lives.

Grad Council 2004

### I'll Remember

Mmmm, mmmm  
Say good-bye to not knowing when  
The truth in my whole life began  
Say good-bye to not knowing  
how to cry  
You taught me that

#### Chorus

And I'll remember  
the strength that you gave me  
Now that I'm standing on my own  
I'll remember  
the way that you saved me  
I'll remember

Inside I was a child  
That could not mend a broken wing  
Outside I looked for a way  
To teach my heart to sing

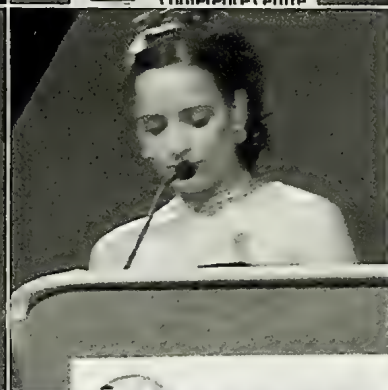

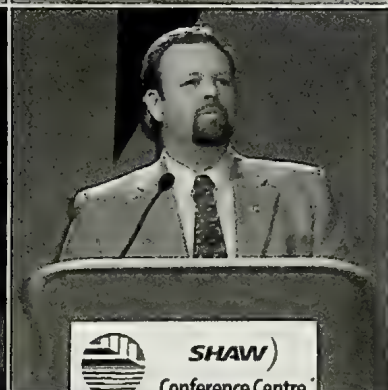

#### Chorus

I learned to let go  
of the illusion that we can possess  
I learned to let go I travel in stillness  
And I'll remember happiness  
I'll remember [I'll remember]  
Mmmm... [I'll remember]  
Mmmm...

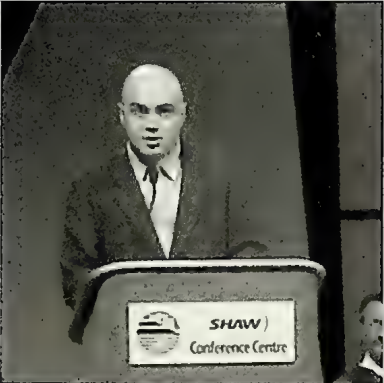

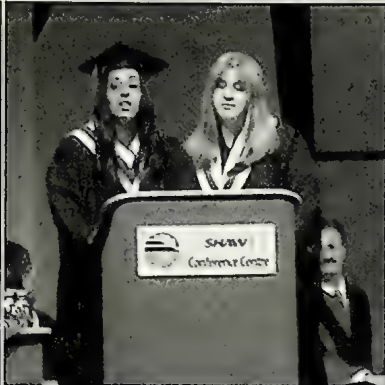

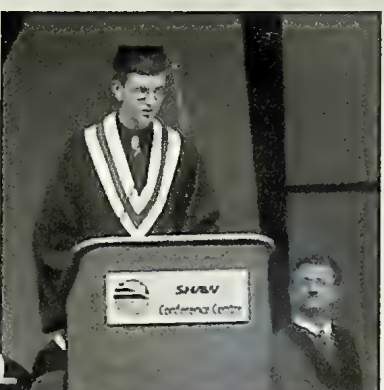

#### Chorus

No I've never been afraid to cry  
Now I finally have a reason why  
I'll remember [I'll remember]

Grad Song 2004

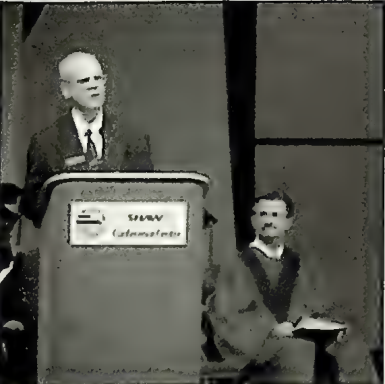

Before I say my final farewell, I would like to share with you the inspirational words of Theodore S. Geisel, otherwise known as that famous Dr. Seuss:

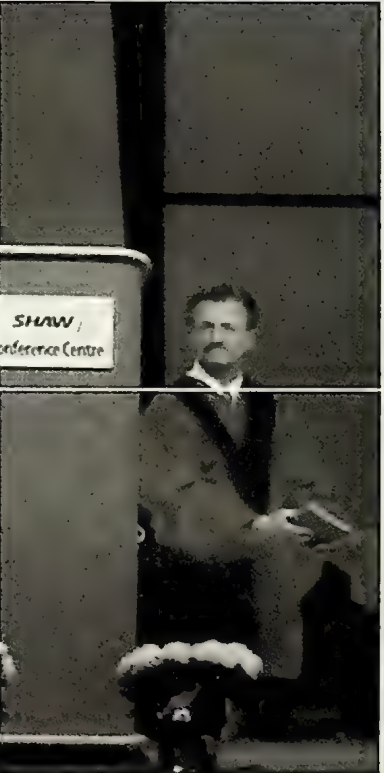

"Today is your day.  
You're off to Great Places!  
You're off and away!  
You have brains in your head  
You have feet in your shoes  
You can steer yourself any direction  
you choose.  
Your mountain is waiting.  
So... get on your way!"

May we take the ambition and strength we have had these three years and continue on to achieve aspirations even higher.

Congratulations graduating class of 2004!

- Excerpt from Valedictorian Amy Wilde's Address
